

LearnSA – Grade 1 Maths Parent Workbook

CAPS Foundation Phase – Weeks 1 to 10 – Original Activities

This workbook contains 10 weeks of home activities covering the five CAPS content areas. Each week, do one activity per area (15 minutes).

Week 1

Content Area	Activities
Numbers, Operations	- Counting jars 1–5: fill five small cups with beans, touch each and say the number. - Finger five-frames: hold up 1–5 fingers, match to dot cards you draw. - Make 5 two ways: split 5 bottle tops into two groups (2+3 and 4+1), draw the splits.
Patterns	- Copy my AB clap: clap-stomp-clap-stomp, repeat, then you lead. - Bead string red-blue-red-blue for 10 minutes, say colours aloud. - Body pattern: stand-sit-stand-sit moving around the room.
Space & Shape	- Hunt circles & squares: find five of each at home, tick them off. - Feely bag: feel a shape and say 'curved' or 'straight sides'. - Shape picture: make a house from cut-out squares and triangles.
Measurement	- Tall or short towers: build two, compare and use the words. - Hand spans: measure the kitchen table width, count how many. - Day parts: sort three pictures into morning, afternoon, night.
Data Handling	- Sock colour sort: group, count each pile, say which has most. - Family vote: ask four people favourite fruit, add stickers to chart. - Weather chart: draw today's weather and stick on a weekly strip.

Week 2

Content Area	Activities
Numbers, Operations	- Number hop 1–5: lay cards on floor, hop and shout the number. - Hide some of 5: put 5 pasta shells out, hide some under a cup, guess how many. - Count back 5–1 while packing toys away.
Patterns	- Drum pattern AAB: boom-boom-tap repeat, copy and extend. - Bracelet Y-G-G-Y-G-G, thread and name the repeat. - Laundry line: peg sock-shirt-sock-shirt in order.
Space & Shape	- Teddy positions: place teddy on, under, behind, in front of chair. - Roll or slide test: try ball vs box on a board, sort. - Flour tray trace: draw circles, squares, triangles with a finger.
Measurement	- Heft test: compare apple vs naartjie, say heavier/lighter. - Pour and compare: which mug holds more water? - Days chant: sing days of week touching calendar squares.
Data Handling	- Toy tally cars vs dolls: make two columns with tally marks. - Lunch fruit pictograph: draw one picture per child in group. - Button sort by holes: count 2-hole vs 4-hole.

Week 3

Content Area	Activities
--------------	------------

Numbers, Operations	• Egg-box ten-frame 6–10: fill spaces with stones, count and say. • Salt tray 6–10: write each number with finger, say the name. • Build 8 as 5+3 using counters, draw the two parts.
Patterns	• ABB pattern with spoons: small-small-big repeat across table. • Colour code: draw circle-square-square. • Movement copy: jump-hop-hop, jump-hop-hop.
Space & Shape	• Introduce rectangle: find doors, books, compare to square. • 3D hunt: find a ball (sphere) and a box (cube) at home. • Fold symmetry: fold paper hearts and circles, find the line.
Measurement	• Footstep measure: how many child steps across the lounge? • Full/empty bottles: fill three bottles different levels, order. • Hour time: match digital 7:00 to picture of waking up.
Data Handling	• Colour cars survey: watch from window 10 minutes, tally colours. • Pictograph 1-to-1: one sticker = one car colour. • Most/least: ask 'which colour won?'

Week 4

Content Area	Activities
Numbers, Operations	• Staircase 1–10: stack blocks increasing by one, count up and down. • Make 10 pairs: use 10 pegs, split into 6+4, 7+3, write sums. • Washing line missing: peg 1–10 with gaps, child fills.
Patterns	• Mixed AB/AAB train: make a long Duplo train, child spots the repeat unit. • Number line hops +1: start at 3, hop to 10, say each. • Create your own 3-step pattern with blocks.
Space & Shape	• Corners count: trace square (4), triangle (3), rectangle (4). • Build 3D tower with boxes, name cube and cuboid. • Copy shape pictures on dot paper (simple house).
Measurement	• Compare ribbons: order short, shorter, shortest. • Capacity race: how many egg cups fill a jug? • Clock o'clock: set paper plate clock to 3 o'clock, 6 o'clock.
Data Handling	• Pet pictograph: each child draws pet type, stick in columns. • Interpret: which pet is most popular? fewest? • Sort shapes by colour then count each.

Week 5

Content Area	Activities
Numbers, Operations	• Bundle tens: make bundles of 10 ice-cream sticks, count 11–15. • Floor number line 0–20: walk forward and back, say numbers. • Toy car sums: 4 cars + 3 cars = ? act it out.
Patterns	• Count on +1 pattern: 11,12,13... say the rule. • Count back –1 from 15 to 5. • Even steps: colour 2,4,6... on a 1–20 grid.
Space & Shape	• Shape walk outdoors: spot circles (wheels), rectangles (gates). • Sort 2D vs 3D objects into two baskets. • Draw 2D shapes from memory, label sides.
Measurement	• Hand-span desk: estimate then measure. • Compare mass: use coat-hanger balance with two bags. • South African coins: sort R1, R2, R5, 10c, 20c, 50c.

Data Handling	• Favourite sandwich tally: cheese, jam, peanut butter. • Draw bar with LEGO bricks (1 brick = 1 vote). • Ask two questions about your graph.
---------------	---

Week 6

Content Area	Activities
Numbers, Operations	• Bonds of 10 memory: flip cards to find pairs that make 10. • Take-away stories: 9 sweets eat 4, write $9-4=5$. • Show 17 as 1 ten and 7 ones with straws.
Patterns	• Skip count 2s to 20 using paired socks. • Skip count 5s to 50 with hand prints. • Fill missing: 5, 10, __, 20, __, 30.
Space & Shape	• Find right angles in windows and books with corner card. • Make shapes with playdough snakes. • Describe 3D: 'cube has 6 flat faces'.
Measurement	• Tell time to hour on analogue and digital. • Shopping R10: choose two items $\leq R10$, add totals. • Order months using birthday chart.
Data Handling	• Weather month chart: sunny/cloudy/rainy each day. • Mode talk: which weather happened most? • Create simple tally sheet for family drinks.

Week 7

Content Area	Activities
Numbers, Operations	• Count in 2s to 30 hopping stones outside. • Doubles to 10: use mirrors with counters (4+4). • Build 26 with 2 tens and 6 ones.
Patterns	• Odd and even sort 1–20 cards into two hoops. • Growing tower: 1 block, then 2, then 3, then 4. • Input-output +2 machine with drawn funnel.
Space & Shape	• Symmetry butterflies: paint one side, fold. • Slide, flip, turn with paper shape on grid. • Combine triangles to make squares and bigger triangles.
Measurement	• Half past: set clock to 7:30 breakfast picture. • Mass kitchen scale: weigh 500g rice vs 1kg sugar. • Calendar planning: find today's date, count days to weekend.
Data Handling	• Transport pictograph (walk, car, taxi) using key 1 picture=2 learners. • Interpret: how many more walk than taxi? • Collect data: shoes with laces vs without.

Week 8

Content Area	Activities
Numbers, Operations	• Number chart 1–50 race: find 23, 37, 49 quickly. • Add tens: $30+20$ with bundled straws. • Money change: buy R7 item with R10, count back coins.
Patterns	• Count in 10s from any number: 4, 14, 24, 34. • Pattern mistake fix: 5, 10, 15, 14, 25 — circle error. • Flow diagram -3: input $20 \rightarrow 17 \rightarrow 14$.

Space & Shape	• 3D nets: cut and fold cube net from paper. • Follow directions: 2 steps forward, turn left. • Shape bingo using home objects.
Measurement	• Measure length in cm with ruler: pencil, book. • Capacity ml: compare 250ml cup vs 1L bottle. • Sequence daily timetable with time cards.
Data Handling	• Favourite sport survey 10 friends. • Draw bar graph with scale 1, label axes. • Compare two classes' results (teacher reads).

Week 9

Content Area	Activities
Numbers, Operations	• Count in 25s using 25c coins to R1. • Place value 134 demo: show 1 hundred, 3 tens, 4 ones with paper squares. • Add 2-digit no carry: 23+45 using base-10 drawing.
Patterns	• Multiples of 5 on number grid, colour pattern. • Growing pattern with matchsticks: square, two squares. • Complete table: in 12 out 15 (+3 rule).
Space & Shape	• Faces-edges-vertices count for cube and triangular prism. • Right angle hunt with set square. • Viewpoints: draw mug from top and side.
Measurement	• Perimeter: walk around rug counting steps. • Time problems: start 2:15, 30 mins later? • Budget R50 tuck shop: choose items, total.
Data Handling	• Tally and bar with scale 5: birds seen in garden. • Interpret graphs: read between bars. • Carroll diagram: sort by red/not red and round/not round.

Week 10

Content Area	Activities
Numbers, Operations	• Hundred square puzzle: cover 5 numbers, guess from clues. • Round to nearest 10 using a number-line hill. • Mixed story problems within 20 (add and subtract).
Patterns	• Constant difference +4: 7,11,15,19 continue. • Create own rule and challenge parent. • Geometric growing: add one triangle each step and count sides.
Space & Shape	• Parallel lines in burglar bars and book pages. • Draw 2D shapes on grid to given size. • Build model from photo using blocks.
Measurement	• Estimate then measure 3 objects in cm. • Elapsed time TV show 45 mins. • Change from R20 for two R8 items.
Data Handling	• Design questionnaire: 3 yes/no questions. • Present data as pictograph with key 1=5. • Tell a story from your graph to family.
